The Empire State Trail Long Island Extension Project

The Empire State Trail represents a bold vision for a multi-use path spanning from Buffalo to New York City and the Canadian border. As an extension of this effort, **The Trust for Public Land** and **New York Bicycling Coalition** are developing a feasibility study and vision plan for the development of a mixed-use path across Nassau and Suffolk County.

This action-oriented plan will:

- Provide a complete map of a feasible field-tested route alignment
- Leverage utility corridors to provide safe, off-road segments
- Detail preliminary discussions with the public and municipal authorities for each trail segment
- Represent a shared vision of public, private and other key stakeholders in Nassau and Suffolk County.
- Build a coalition to support design and implementation of the trail
